

# Ryan Whitaker

## A Life with A Legacy

Ryan Whitaker had a heart as big as Texas. He loved people and he wanted to help people everywhere. Twelve days before his death, Ryan told his Mother that he wanted to go back to school at Lone Star College, Tomball and study to become a nurse. When his mother asked him why, he stated: "I want to help people, Mom."

Ryan's words, "I want to help people," have given Paula direction for her life now - to honor God by honoring Ryan's memory and his last wishes. In keeping with Ryan's last wishes, TOMAGWA Ministries was chosen as one way to carry on Ryan's last wishes and to show the Love of Jesus by helping people with needs. Those who need medical care, physical, emotional, and spiritual care through excellent medical care and ministry will benefit through Ryan's Life and Legacy.

The Ryan Paul Whitaker Memorial Foundation is based on the desires of the benefactor and on the following scripture:

*".... I was sick and you ministered unto me.... The Lord said, I tell you the truth, whenever you have done these things unto the least of these my brothers, you have done it unto Me." Matthew 25: 40.*

Paula Whitaker announces the naming of the TOMAGWA Health Care facility in memory of her son, Ryan Paul Whitaker.

In honor and in memory of Ryan Paul Whitaker, the new  
TOMAGWA Health Care Facility is named

**The Ryan Paul Whitaker Memorial  
Medical Center**
